

MDUMC Weekday School Professional Contacts Referral List

This list was compiled in conjunction with and from recommendations from representatives of the Memorial Area Preschool Association. The office at the Weekday School is familiar with some but certainly not all of these providers and centers, so we naturally cannot offer endorsements or specific information on everyone on this list.

We encourage you to use this as a starting point in your research and to talk to our office, your teachers, doctors, and friends about questions you might have.

We hope this will be a useful resource for you and your family.

Referrals for Comprehensive Testing/Developmental Pediatrics
